Aexperial s.a.s. nasce nell'anno 2005 da una decennale esperienza nel settore del team che vi è a capo.

Un lungo percorso di lavoro ha permesso di creare una società dietro alla quale è presente una forte consapevolezza del prodotto, una profonda conoscenza del mercato nel quale esso nasce e vive e, non di meno importanza, una gran padronanza nella gestione dell'aspetto commerciale, che porta Aexperial a differenziarsi da qualsiasi altro concorrente del settore.

Da quest'ultimo punto deriva una personale filosofia di gestione del cliente caratterizzata da un confronto continuo e trasparente, grazie al quale l'azienda è riuscita a sviluppare importanti collaborazioni in Italia e soprattutto all'estero.

Aexperial è un'azienda dinamica, pronta a dare risposte concrete e immediate ai propri clienti, con una strutturata organizzazione creata per soddisfare tutte le esigenze, dal piccolo consumatore al grande distributore.

L'azienda cura diverse linee di prodotti, i materiali di alta qualità che maggiormente vengono utilizzati sono il policarbonato e l'acciaio (AISI 304 18/10).

Aexperial non è un fornitore ma un partner che offre soluzioni complete e professionali per il CATERING, la GASTRONOMIA e la GELATERIA.

# æXperial

Aexperial s.a.s. founded in 2005 is managed by an established-team with over a decade of experience in the industry of food service equipment and catering industry.

This has produced a company which stands out amongst its competitors and due to its deep product knowledge, understanding of market drivers and dynamics, and last but not least, a profound expertise in marketing.

From the latter, a personalized approach to customer service focusesing on reliability and transparency has led to establish and develop important connections in Italy and above all abroad.

Aexperial is a dynamic enterprise, always ready to provide tangible and distinct answers to its Customers, organized in such a way to efficiently meet and satisfy the requests and needs of both the small consumer and large distributor.

The Company handles several product lines manufactured from high-quality materials, Polycarbonate, the best raw material, and stainless steel AISI 304 18/10.

Aexperial is not a supplier but a "Partner" that offers a full-range of professional equipment for catering, gastronomy and ice-cream production.
